Team Totals			358.5	136.5

TEAM	TOTAL
California	639.5
Arizona	321.5

As usual, another great weekend for shooting in southern California, and perfect weather for a duel. So duel we did. The format changed a bit this year. Every two archers were matched up and every end shot was worth 1 team point along with 1 point for higher distance score and 1 point for higher full fita score. Total possible individual points was 41, and total possible state team points was 984. The new point method allows the weaker archers a chance to earn points for their team. As it turned out, California won with a 318 point spread over Arizona, winning both the individual and mixed team titles. It was a good tournament and we look forward to the Duel next year as we travel to meet the Arizona Team on their home turf.

Thank You to all of our judges and volunteers who helped make this year's Duel in the Desert a big success. Since this is the last Fita tournament for the year, we bid farwell to 2005 and wish you all Happy and Safe Holidays ahead. See you all in January!
