A duel is a duel, is a duel. But the Duel Trials... now that's an event. Where else can you come out and find desert cactus growing in the middle of the shooting field, or a Canadian Goose flying above it all to direct your windage? Only in California, and only at El Dorado Park, Long Beach. We had nice weather, good food and a really great group of archers. This year, the tournament was our first IPC Recognized (International Paralympic Committee) event, which means International and World records can be reported. This brought out several para-archers from different states and we were glad to have them. We also welcomed a dozen or so young archers from Baja California. They sure know the meaning of team spirit, and it was good to see the support they all have for each other.

Our California Duel Team will travel to Phoenix, Arizona on November 11 & 12, to shoot head to head against the AZ team at the Ben Avery Shooting Facility. The Duel in the Desert is open to all archers, you don't have to be on the team to shoot. You can register at www.AZarchery.com. Good luck to all and Go California!!

Thank You to all of the judges for their endless dedication and support, both on and off the field. A big Thank You to all of the volunteers that came out before, during and after the shoot to help setup and tear down. It is our sincere hope that everyone had an enjoyable experience this weekend and will join us again; for without you, we are nothing.
